

Downloading UK Lidar data from new portal

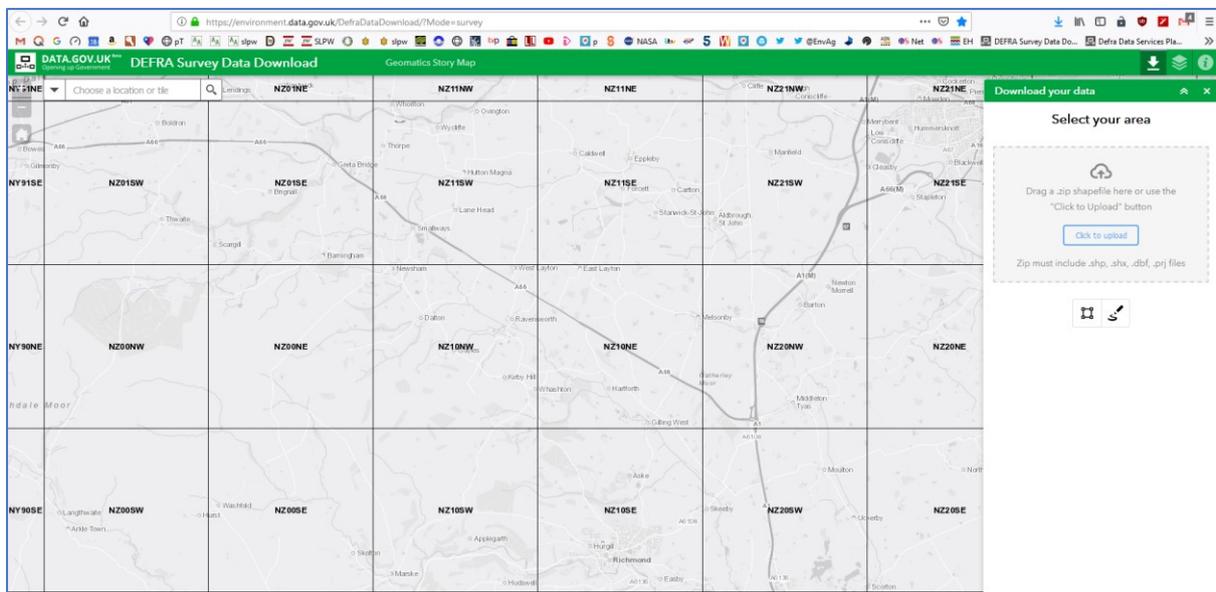

Step 1

Go to this link: <https://environment.data.gov.uk/DefraDataDownload/?Mode=survey>

N.B. Wait until it fully loads, then:

Step 2

Zoom and pan the UK map to your site of interest so that you can see the 5km² grids like the image below:

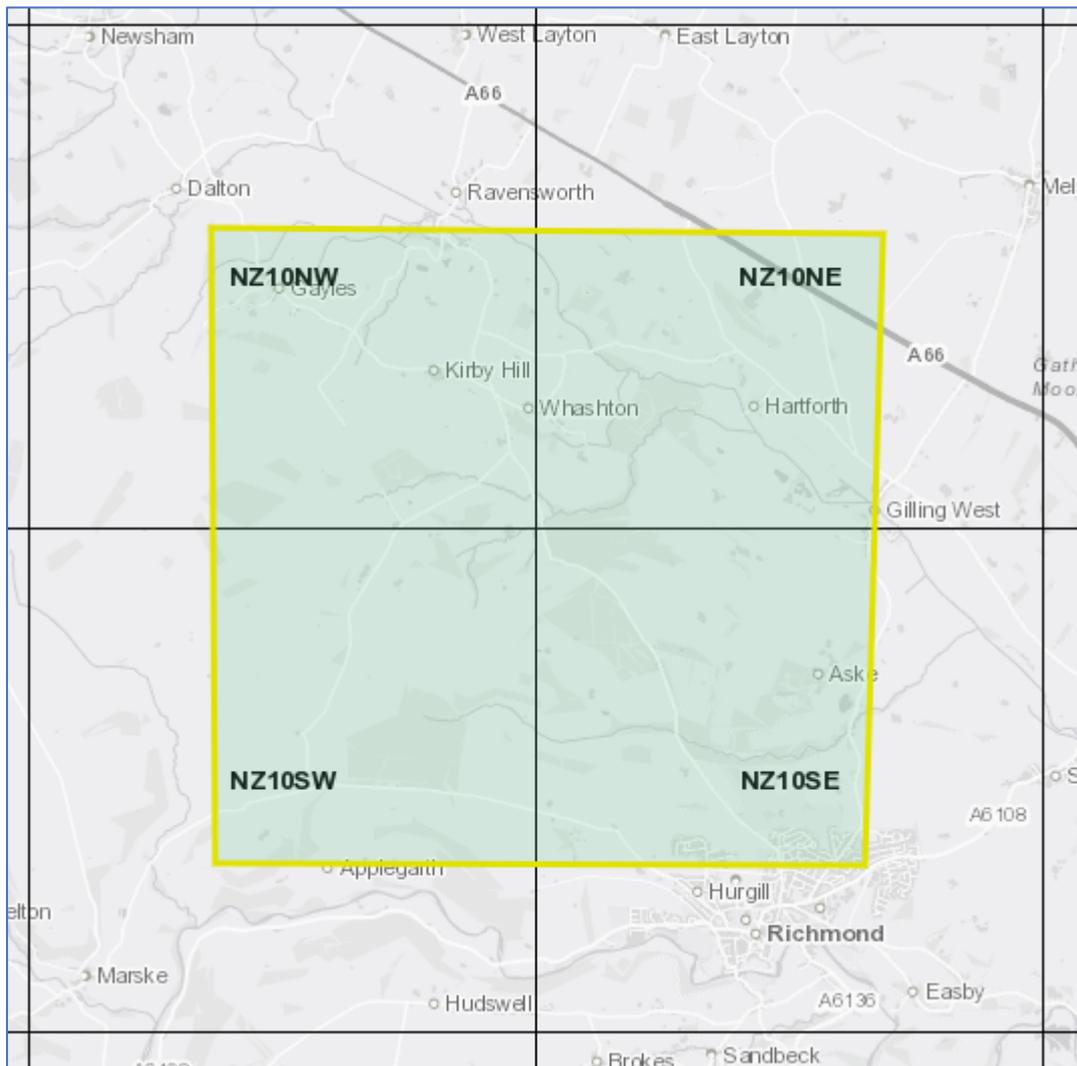

Step 3

Use either of these tools to draw a polygon around the required Lidar data:

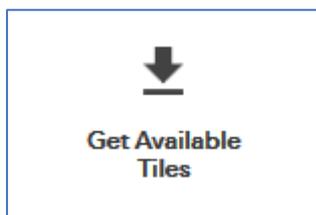

Step 4

Selected data across four 5km² grids:

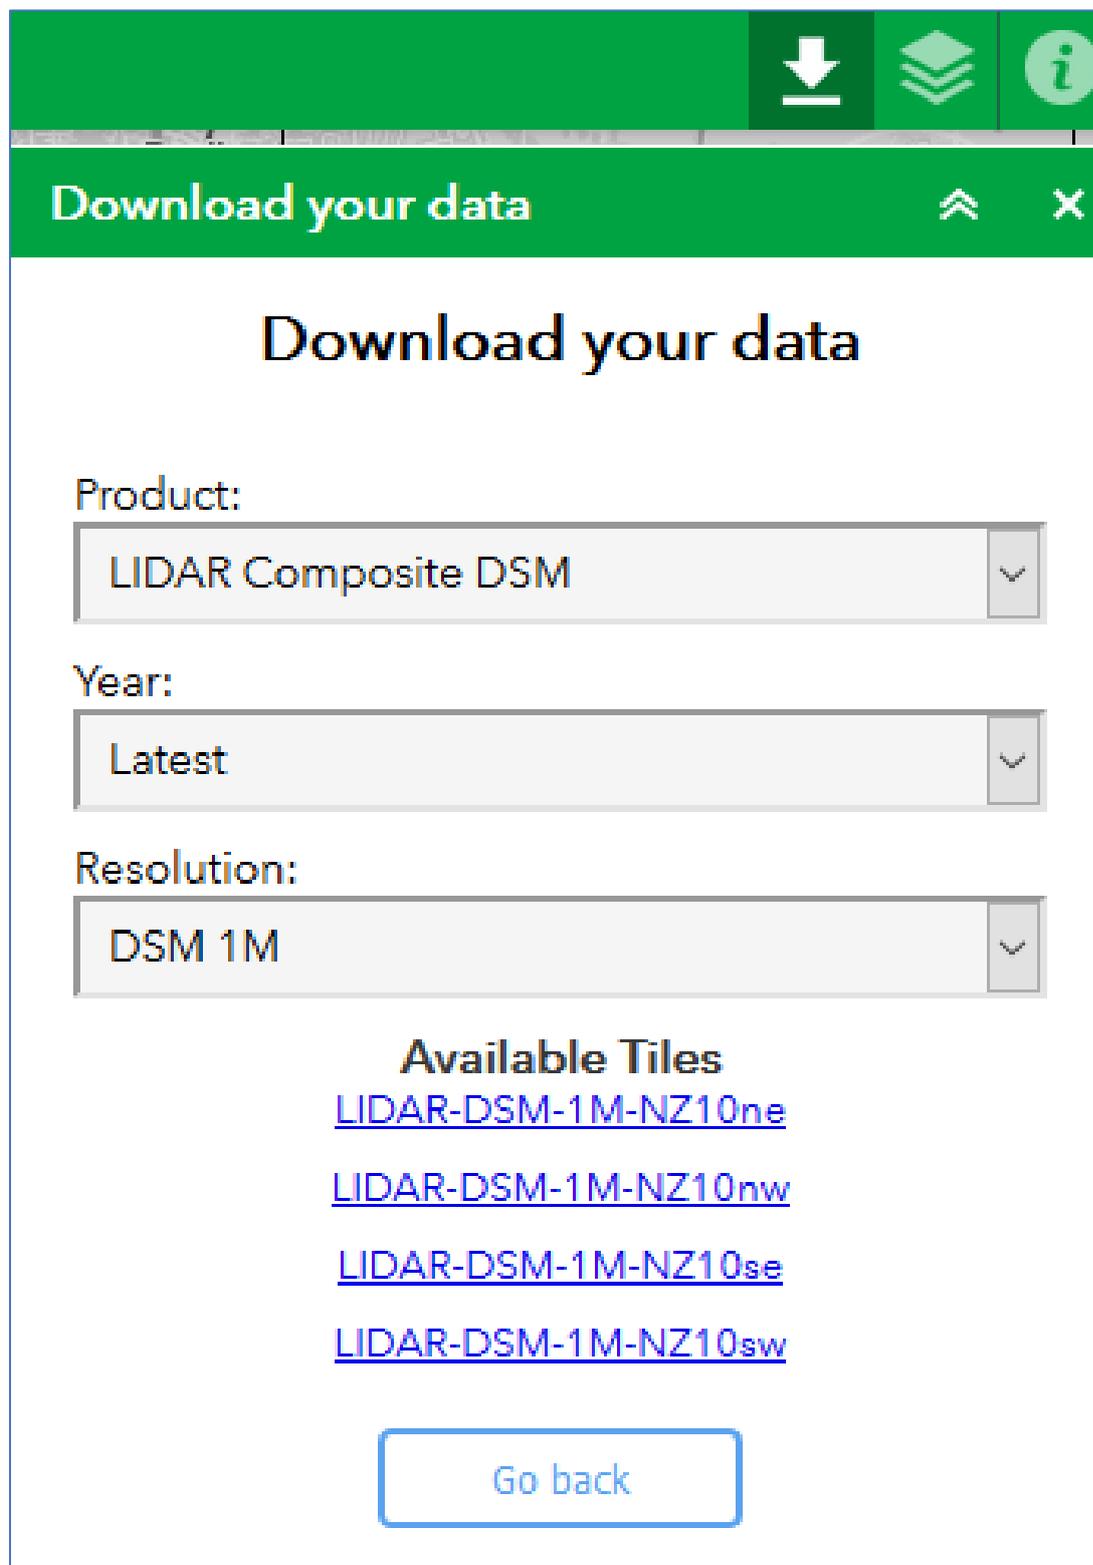

Step 5 Click this:

Step 6

Select your data type required and click on the download links:

Download your data

Product:
LIDAR Composite DSM

Year:
Latest

Resolution:
DSM 1M

Available Tiles

[LIDAR-DSM-1M-NZ10ne](#)

[LIDAR-DSM-1M-NZ10nw](#)

[LIDAR-DSM-1M-NZ10se](#)

[LIDAR-DSM-1M-NZ10sw](#)

Go back

Step 7 Get your files from your Downloads folder
